

Apply for a north2north academic and administrative staff exchange

Experience life in another North first-hand.
Meet new and old colleagues by visiting other participating north2north partner institutions*.

*85 higher education institutions in USA, Canada, Iceland, Kingdom of Denmark (Denmark, Greenland and The Faroe Islands), Norway, Sweden, Finland and the Russian Federation

Academic and administrative staff from the following Norwegian institutions can apply:

University of Agder, University of Stavanger (Faculty of Science and Technology), University of Bergen, University Centre in Svalbard, UIT the Arctic University of Norway, Nord University, Sami University of Applied Sciences, Norwegian University of Life Sciences

Supported activities

UARctic north2north mobility embraces all student, staff and faculty exchanges that can benefit northern populations and create a sense of northern citizenship. North2north also aims to enhance mobility and exchange in the UArctic Thematic Networks and to involve students in research activities.

Teaching, research and networking activities on an Arctic related topic can be supported by the Norwegian north2north programme. If research is the purpose of the north2north exchange, it is required that the host institution is actively involved.

Participation in conferences and scientific events **is normally not supported** by the Norwegian north2north

The scholarship rates for 2021–2022 (NOK)
