Sára Gáren Ánne Nilut is a Sámi Allaskuvla bachelors graduate in Duodji - Sámi Hándicraft.

As a newly graduate she is working on different projects focusing on duodji and joik.

Sára grew up in Guovdageaidnu, and belongs to Fimppaid siida. She studied reindeer herding in high school, and finished a bachelors degree in veterinary technician, in 2023 at Nord University.

In her duodji bachelors she focused on the relation between the practice of duodji and joik. Traditional practices hold their own languages, and Sára is especially interested in how we showcase and interpret these.
